Informatica Global Customer Support.....	1

This document contains important information about known limitations for PowerExchange for SAS.

New Features

You can read data directly from SAS files.

Known Limitations

The following list describes known limitations:

- PowerExchange for SAS does not support the Update Strategy transformation. Instead, you can use the Load Type writer capability to model the update strategy.
- PowerExchange for SAS does not support the Lookup transformation.
- On Solaris and AIX operating systems, PowerExchange for SAS does not support SAS files as sources.
If you need an Emergency Bug Fix (EBF) for this limitation, contact Informatica Global Customer Support.

Informatica Global Customer Support

You can contact a Global Support Center by telephone or through Online Support on Informatica Network.

To find your local Informatica Global Customer Support telephone number, visit the Informatica website at the following link:

<http://www.informatica.com/us/services-and-training/support-services/global-support-centers>.

If you are an Informatica Network member, you can use Online Support at

<http://network.informatica.com>.
